To the BWI/EFBWW affiliates

Dear colleagues,

In the spirit of solidarity, the Building and Wood Workers International (BWI) and the European Federation of Building and Woodworkers (EFBWW) appeal to all affiliates to donate to the “Peace in Ukraine Fund” intended to sustain and strengthen our brothers and sisters that found themselves amidst the violence and military actions that have unfolded this morning in Ukraine.

As you read this message, thousands of refugees from Ukraine, including members of our affiliate and their families, are arriving to the neighboring countries, looking for shelter from bombing and shelling. Our affiliates in Poland, Moldova, Romania, and other countries will not stand aside from providing all possible support to them, but their resources are limited. It should be a common effort of all of us. That is why BWI and EFBWW open a special solidarity fund to provide humanitarian aid to our friends in Ukraine and to provide necessary technical support to our affiliate PROFBUD.

As the independence of a democratic country is at stake, it concerns all of us. It is not only the struggle for democracy but also the struggle for people’s right to work and build their future in peace.

BWI and EFBWW appeal to your sense of solidarity and commitment to human dignity everywhere to give our brothers and sisters a chance to overcome this battle for independence and welcome any financial donations (see details attached).

In solidarity!

Tom Deleu
EFBWW General Secretary
